

*Merry Christmas and a Happy New Year  
from all at Water Treatment Products Ltd*

*We would like to thank you for your custom  
and look forward to working with you in 2014.*

### FREE App

Our 'WTP Estimation Tools App calculates solid chemicals required for steam boilers and cooling towers. Offers fast access to a wealth of information no matter where you are!

Available for iPhone and Android smartphones: it's free, it's handy and it's quick to download

To download your free WTP Estimation Tools app, visit the App Store or go to Google play.

### Solid Chemicals

If you are thinking about solid chemistry technology, or talking about it to your customers contact us for industry leading pricing, service and products.

### Showerhead Gel

The phenomenal success of Showerhead Plus (already copied by some of our competitors!) has a new 'stable mate' - Showerhead Gel. Ideal for descaling showerheads that are permanently fixed and cannot be removed. Packed in handy 500ml squeeze bottles.

### Water Test Kits

Test kits sales have increased this year. A number of our kits are designed specifically for our chemical products. Email us today for a FREE Y/N Hardness mini kit.

### Infrastructure Improvements

#### Bulk Tank Storage

This year we installed a 30 tonne bulk storage tank and bund. This allows us to receive raw materials i.e. sodium hydroxide in bulk; improving stock holding and allows us to better buy to keep prices low.

#### New Boilers

This year we retired our trusty production boiler; it had become too small to keep up with our production demands. We have invested heavily in four high efficiency boilers to supply hot water to production at a rate of 8,000 litres per hour.

#### High Speed Counter Rotating Mixers

Further investment (in excess of £20k) has been put into the blending plant utilising the latest technology. We have installed two stainless steel high sheer mixers to improve production throughput and reduce production timings.

### Date for your Diary: Aquatech, Amsterdam 2015

Following another successful show at Aquatech, Amsterdam 2013 where Tim, Steve, Terry, Stuart and Johan manned the Water Treatment Products stand and met many customers. Water Treatment Product Ltd will be exhibiting at Aquatech, Amsterdam, 3-6 November 2015; come along to the World's leading trade exhibition for process, drinking and waste water.

### Christmas 2013 Delivery Schedule

For deliveries prior to 24th December please forward orders before close of business on Thursday 12th December 2013.
